## Welcome Back!

This week, after a week's long half-term holiday, we have all come back to school! Lots of the children were very excited to see their friends and teachers again, and to talk to them about what they did during the holidays. The children are all very excited for this new term as Yr 6 will be performing in their production, Aladdin.

Yr 2 will be getting their SATs results and Yr 1 will be going on a trip to Marwell Zoo! The teachers were also very glad to see the children again as they could see the amazing homework projects the children had completed over the summer.

**Welcome Back!**

## Illusion!

How many animals do you see?

 We hope you learn lots from these websites!

## Visitor!

This week we had a visitor! A Head teacher from another school came to see how we use our thinking skills. Yr 6 told her about our use of thinking hats and maps, and what each map does. They also told her about how the maps and hats help us in everyday life as well as in school work. She was also very impressed with their knowledge of Blooms Taxonomy and Metacognition, and how they incorporate that level of thinking into their work.

## Two camels on the run!

This week, two camels found their way onto a highway! This strange event took place in China, and the two camels found were thought to be runaways. They were chased in a half-hour long pursuit by the police, when they eventually were caught! After the police chase ended, the two camels were taken to safety. The camels caused the highway to be blocked, and so left drivers stuck for hours.
