LEAD STORY
Topaz assembly

DATES FOR YOUR DIARY

QUIZZES & PUZZLES

This week Topaz class did an amazing assembly on E-Safety. They were very nervous as it was their first assembly as juniors and in the new school. They shared a lot of information about E - Safety and they sang really beautifully. Well done Topaz for rehearsing and sharing your assembly with everyone!

Year 4 and 5 learned all about investigating crime scenes. They had to investigate a crime scene using proper equipment and looking for finger prints. The detectives solved their case and impressed their teachers. Ben from Emerald class said,

"It was so much fun, learning about all the different investigations that went on.

Being an investigator was so much fun and it helped me to understand all about what Investigating is like. I am now considering my career to be a lawyer or even a Barrister."

Colouring...

Can you see both a gorilla and a lioness in this picture?

 We hope you learn lots of new things from these websites!

Lights Camera Action!

The infants have been really busy getting ready for their Christmas play. They have been learning their lines rehearsing, remembering where to stand, when to sing and what to wear! Wow what a lot of things to think about!! Good luck everyone, and we look forward to seeing the play soon.

Juniors can you find out what their play is going to be about?

Year 1 have been trying hard in PE learning dance moves and practising hand and feet co-ordination. A lot of skills are needed when dancing. Some of these are: being flexible, determination, balance, timings and teamwork. There are lots of different types of dance around the world – how many can you name – here a few to start you off...

Ballet, Hip Hop, Jazz, ballroom, tap dance, belly dance, break dance...how many more can you name?
