Summer Fair!

Our Summer Fair took place yesterday and was full of many exciting stalls! Lots of people came and everyone commented on how much fun it was. This particular summer fair was especially important as Yr 6 put up their own stalls like they previously did in the autumn term. They done as well as they had last autumn and the teachers

were especially pleased with how much effort was put into the stalls, even though they did not have much time to prepare. Zariya, in Pine class, commented, "I had a really fun time at this summer fair! I got to go on the bouncy castle and also got to have delicious things, like milkshakes!"

Illusions!

Can you find all 5 Y's hidden in this Image?

We hope you learn lots of new things from these websites!

River Thames Trip!

This week Year 5 went on a trip to the River Thames! They went there because they had started a new topic on rivers. All the children behaved very well and learnt some new facts on rivers. Rohan from Aspen Class quoted, "I really enjoyed seeing the River Thames and expanding my knowledge on rivers. I had a really great time and I hope I can visit the river again!"

Rocket goes to space twice!

Over this weekend, an American rocket company called SpaceX decided to send eleven satellites into space! SpaceX sent a Falcon 9 rocket to take off in Florida on Friday, and then it returned, a couple of hours later, after dropping off some satellites! Then, on Sunday, the Falcon 9 took off from the west coast of the United States, taking another ten satellites with it!
