The week at Wellington!

Infant Concert

Year 1 and Year 2 classes will be performing their concert on Thursday the 14th December at 1:45pm at St Pauls Church. The children and teachers have been rehearsing and are looking forward to showing the parents all the songs they have learnt. I am sure you have heard some of the songs at home already. Please be prepared to stay for the whole performance which is about 45 minutes long. Also if you need to bring young babies or toddlers please bring something to keep them calm and amused such as a quiet toy.

Outdoor Clothing & Ties

Please ensure your child has gloves, a hat and a warm black or burgundy coat in school every day as the weather gets cold over the next two or three months. Make sure all items are clearly labelled. If your child wears wellington boots to school in the morning in very wet or snowy weather please also send in their school shoes for wearing inside school. All children will need jogging bottoms and a sweatshirt for outdoor sports lessons now. All juniors need a junior tie for their winter uniform, not elastic as these are infant ties and are too short on a junior child.

Snowball

Tickets are on sale on ParentMail for the juniors at £3.50 which will include a drink and a snack. The 2017 Snowball is on Thursday 14th December from 5pm to 6.30pm. The first one in the new hall.

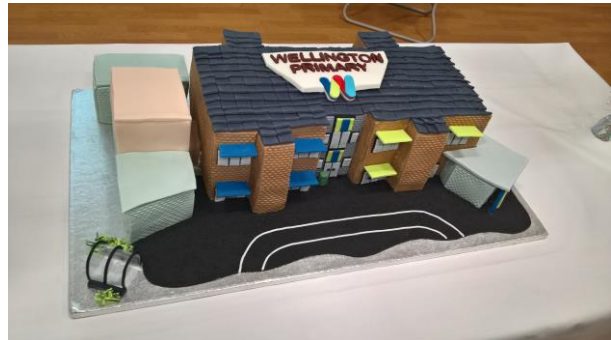

Free Fluoride Treatment for Infants

There will be free Fluoride treatment for infants on Tuesday 12th December.

Opening Ceremony

We were lucky to have a sunny afternoon for the opening of the new building this week. Jeremy Cherian & Hiba Alam gave fantastic speeches alongside the mayor who opened the school. Well done Jeremy and Hiba, we were very proud of you and you stole the show! The junior pupils' sang very well and were very patient standing outside.

Thank you to Mrs. Hammar who created an amazing cake for the occasion and to our kitchen who gave every child a special cupcake on the day. We hope you also liked your special badges to mark the occasion.

Question of the week

If you could control one element all over the world, what would it be and why?

Try to use a Thinking Map.

Send your answers to Mr Berryman
