Woman who ate nothing but chicken nuggets for 24 YEARS is finally cured

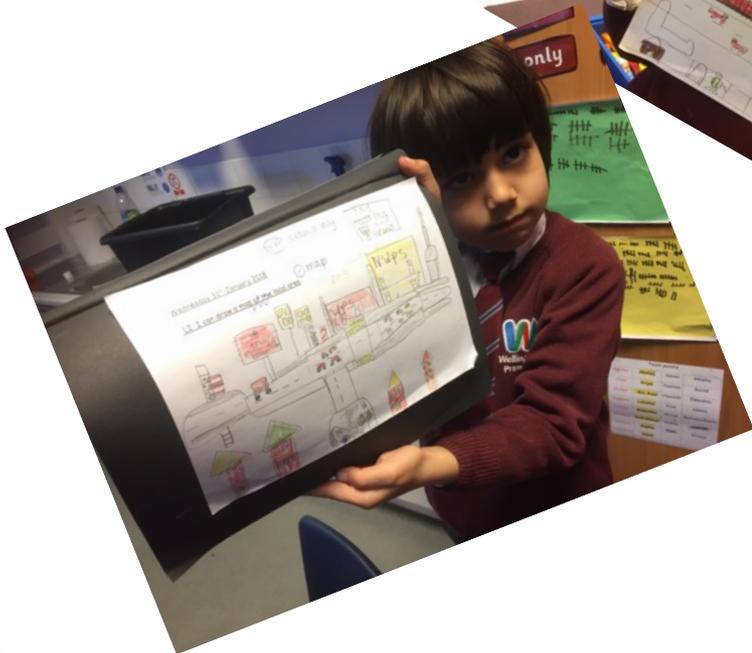

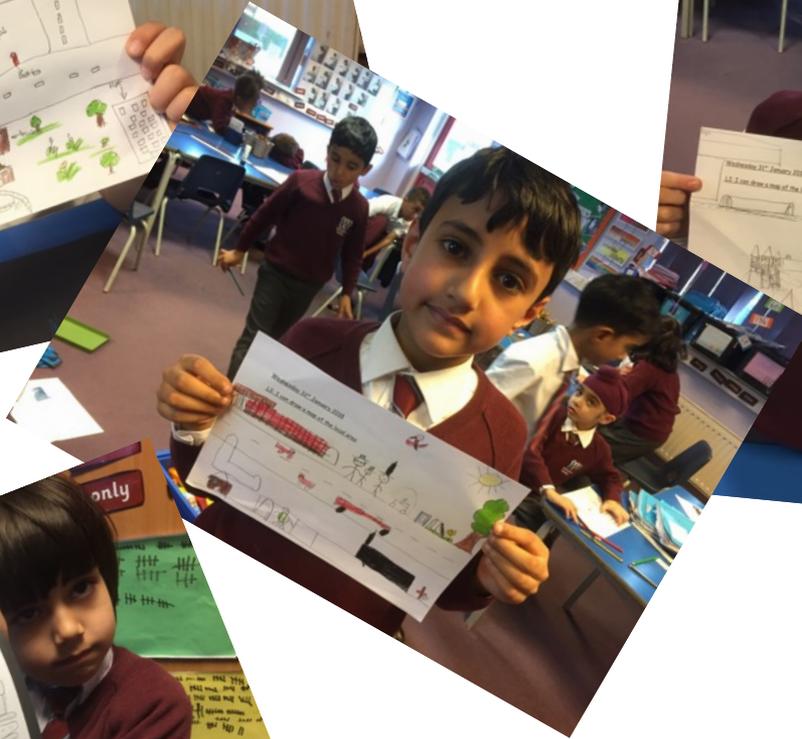

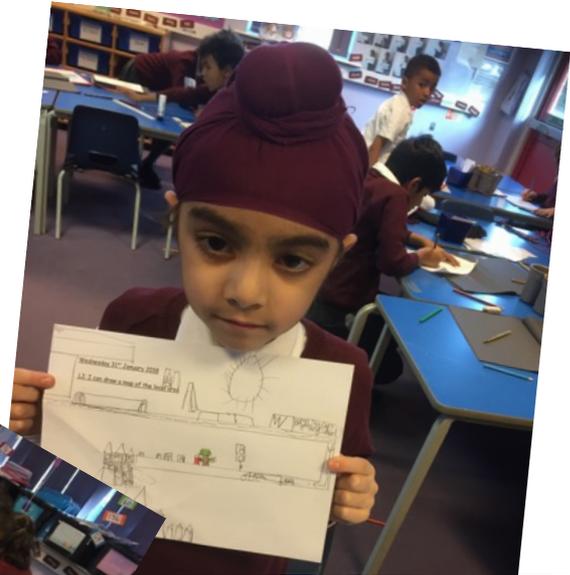

A woman who ate nothing but chicken nuggets and chips for dinner for 24 YEARS was cured after just an hour of hypnotherapy. Louise Newton, 28, would gag if she tried to eat anything other than her bland diet of dry cereal, plain bread, crisps, chocolate and her beloved battered chicken and chips.

Louise avoided eating anywhere but her own home in Alderley Edge, Cheshire, as any other foods - from cake to fruit and vegetables - would leave her gagging. But, amazingly, after visiting a hypnotherapist in London, Louise, who works in property management, now tucks into some of her previously most feared foods.

16 and 17 year olds are now allowed to vote Wales

Recently, in Wales they are now allowing 16 and 17 year olds to vote in some elections. At the moment people 18 and above are allowed but it's not like this anymore in Wales. Some countries have already legalized some children under 18 to vote but this is the only country that has allowed this in the UK except Scotland. In Scotland the government has let 16 year olds. A few children quoted that they are responsible enough to take part in this.

Wellington news:

High School Musical

On Wednesday 24th January 2018, the whole of Year 6 went to Lampton school to see their performance. They did a lot of singing. It was actually a dress rehearsal. This event took place in the afternoon. You may have found that Year 6 were not at school during lunchtime that day. This was because of the fact that they all ate their lunch during the last half an hour of lesson time. Jaineet from Opal class said "I had so much fun. The journey was very wet but the performance was amazing. We had a great time".

Healthy diet assembly

On Tuesday, we had an assembly all about having a healthy life style and with a healthy diet. It is important to eat a balanced diet every day and drink plenty water (6-8 glasses per day). Jagveer from sapphire class quoted, "I have learnt more about being healthy and what is good for me. I will make sure that I exercise daily and check that I include at least two fruit and vegetables in each meal.

UNICEF: Rights Respecting school

On Friday 20th of April, our school will celebrate Earth Day. Earth day is to celebrate the Earth. Each year group will have to do something that will help the environment. Here is what you have to do: Nursery and reception have to walk to school; Year 1 and 2 shouldn't use plastic bags; Year 3 and 4 need to donate clothes to a charity shop and Year 5 and 6 need to have a vegetarian meal. These are called the act of green. Please wear either green or blue clothes. No donation is necessary. Remember to try the acts of green at home as well as school. Also, Fairtrade Fortnight is coming up soon as well!

Plastic pollution

Plastic is really useful and we use it every day. But what happens after we throw it away is causing a big problem for our planet. Plastic is in lots of things we use from clothing to crisp packets, and bottles to buckets. Making things from plastic is popular because there are many different types and it can be made in to all sorts of shapes, colours and sizes. Plastics are man-made and can be produced from natural materials like coal and oil. It's thought more than five trillion pieces of plastic are in the world's oceans and it can take years for it to break down. Plastic can harm animals as they can get stuck in it.

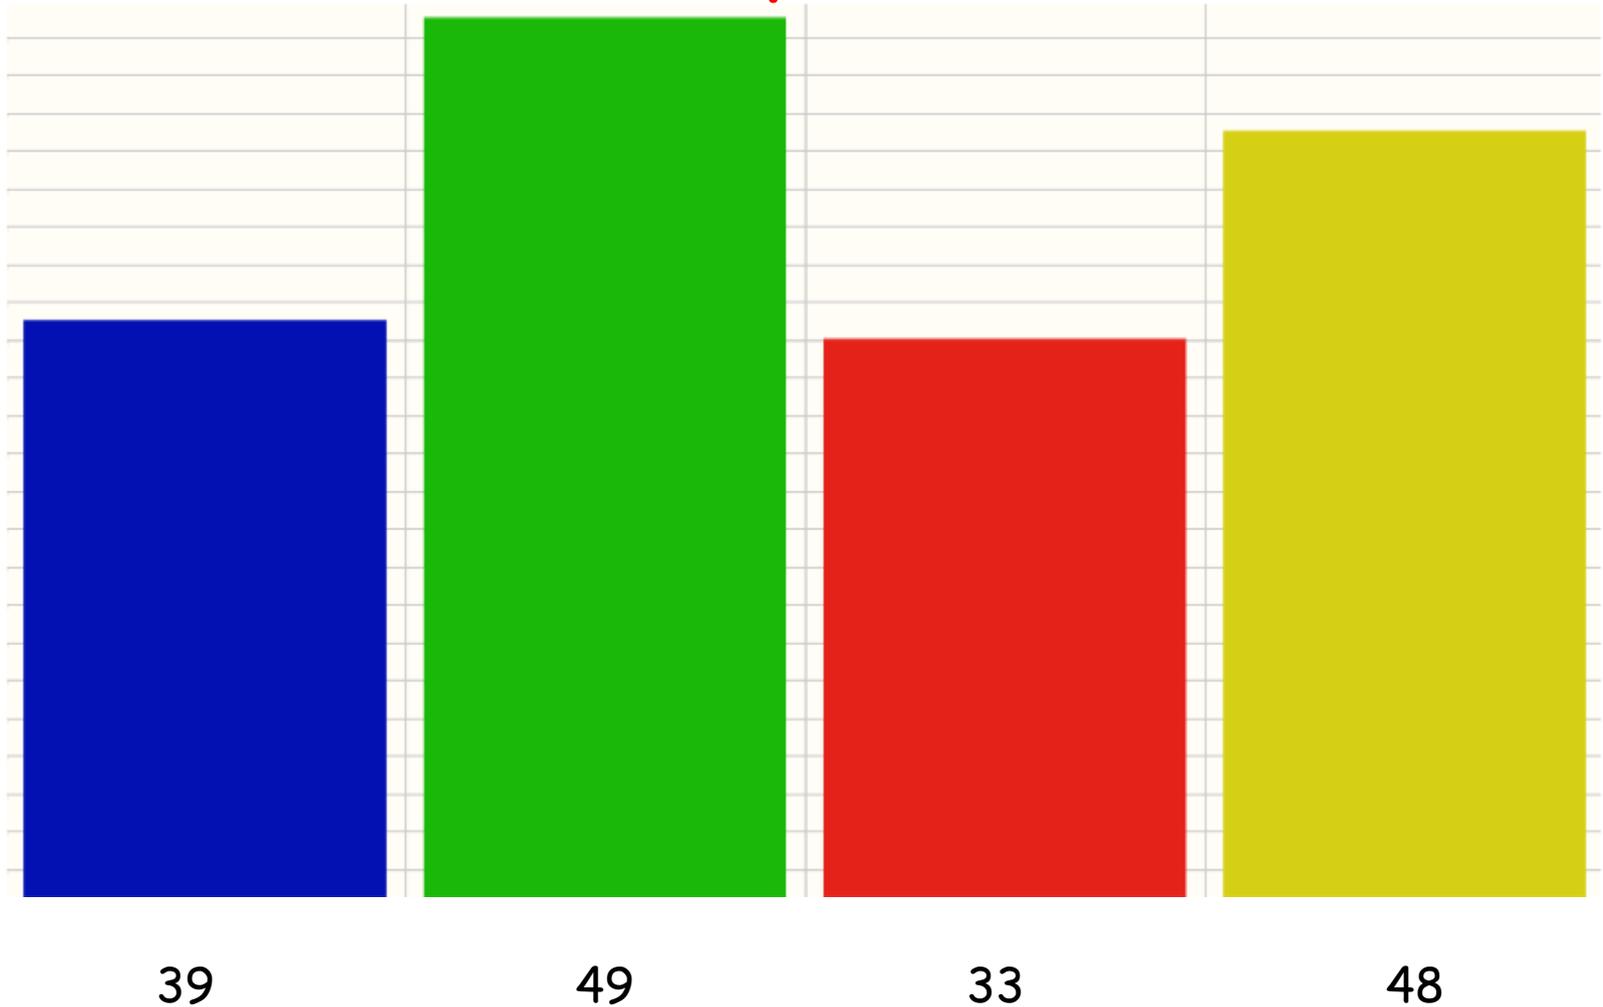

Pixar's Coco takes fans to the Land of the Dead

The makers of Toy Story and Finding Nemo are back with a brand new animated adventure called 'Coco'. It tells the story of a 12-year-old Mexican boy, Miguel Rivera, who has dreams of becoming a musician. But he discovers his secret family history when he travels to the Land of the Dead. Nine-year-old film fan Rex went to find out more from the movie's director and producer.
