

Multilingual Book Club

The Wellington Multilingual Book Club is a vibrant initiative that celebrates linguistic diversity within families. It warmly invites families to participate by sharing stories in their home languages. In this inclusive environment, both students and parents alike are encouraged to engage with literature in their native tongues, fostering a sense of cultural pride and connection. One of the highlights of the club is when the teacher and a parent come together to read a dual-language story to the class, bridging languages and communities in a meaningful and enriching way. Through this innovative approach, the Wellington Multilingual Book Club not only promotes literacy but also nurtures a deep appreciation for the rich tapestry of languages and cultures within the school community.

Multilingual Book Club at Wellington Primary School takes place every term with opportunities for parents to explore the joy of reading together.
