Other	<p><b>Spend 20 minutes a day working on your Space project!</b></p>

	<p>This half term our topic is 'All About Space'. You have already been finding out lots of facts about Space.</p> <p>Now I have some questions for you:</p>  <p>If you went in to Space, where would you like to go? Why would you like to go there?</p> <p>Upload a short video of your answers on to <b>Tapestry</b> for your teacher to see.</p> <p>Try to start your sentence with these words:</p> <p>"I would / would not like to go in to space because..." and complete the sentence with your own ideas in your own words.</p>
<p>Creative Ideas/Wellbeing</p>	<p>Choose <u>two</u> challenges to complete each week. Make sure you upload a photo or video on <b>Tapestry</b> for your teacher to see!</p> <p><b>1. Clap for Carers</b> Have you heard any clapping and noises when it's bedtime? Why are some people doing this? Have you joined in with your family? If not, maybe you would be allowed to stay up and join in this week?</p>  <p><b>2. Song therapy...</b> Do you have a favourite song?</p>

Why do you like singing this song?

Can you sing  
this song for  
your teacher?

How do you  
feel after  
singing?

Maybe you can  
think of some  
actions or  
moves to make  
as you sing.

### 3. **Upcycling challenge**

Some of you have already been upcycling for your Space project models.

Upcycling is good because it means that we can re-use something that we already have. If you don't have an empty egg box, please don't go out to get one, you can use any kind of empty box.

I wonder what you can make using an egg box?  
There are lots of ideas on the internet, but it's even better if you could show your teacher your own.
