

Year 3 Concert

Awesome Egyptians

YOUNG MUSICIANS

On Tuesday Y3 performed in front of their parents and children, they have been learning the recorder since September and have all worked very hard. The recorder recital was varied and showed how far the children had developed their skill over the last few months. Year 2 enjoyed listening to the recorders and they said, 'wow, I hope I get to play the recorders, it looks like fun!' Do you play a musical instrument? Let us know and you may be able to perform in assembly!

Y4 WALK LIKE AN EGYPTIAN

Year 4 became Egyptologists this week and went to the British Museum on Wednesday. They found out some facts about the Egyptian way of life and saw real artefacts which made everything so real. When asked what they liked the best some said they were most impressed with the Rosetta Stone, seeing a real **sarcophagus** and Canopic jars as well as a real fake door from a real burial tomb. Their visit really did prove that the Ancient Egyptians were totally awesome!

You can ask one of the Year 4 children if you want to know more.

RECEPTION

This week reception were learning the rules of football in preparation for the England match and playing a friendly against each other.

They are nearly packed for their summer holidays, and have been solving a problem in maths to pack their suitcase effectively according to the items we want to bring. Letters have been written to nursery pupils telling them what it is like in reception and to their year 1 teachers, telling them about their likes and dislikes and what we are most looking forward to.

YEAR 1 & 2

Year 2 enjoyed watching the year 3 recorder concert. We were also impressed with their singing! we look forward to learning the recorder next year! Also while we were at the new school we sketched the building. We are really excited to join the juniors. The magical sleepover is happening this evening! Year 2 can't wait to sleep over in the infant hall in magical tents! During the night we will be watching a magic show and having a disco then setting up camp ready to watch Harry Potter.

RAF 100

On Tuesday, The Royal Air Force celebrated 100 years with a huge flypast over central London with up to 100 aircraft. The planes went over our school too! It was amazing to see and they looked great when they formed 100 in the air! The Red Arrows also flew over and displayed their beautiful colours.

How many different types of planes can you name?
