

## Debra Returns

## Whatever Next!

## What to pack?

### WALKING IS A MAN'S BEST MEDICINE

**WHOLE SCHOOL** – Debra the Zebra was on tour in Hounslow this week and decided to come in to our school to tell the children all about walking safely to school. They loved meeting her and asking lots of questions. This was all part of our Walking to School week where the children did a range of activities, including lots of colourful posters around the school and understanding the importance of leaving the car at home.

**STOP! LOOK! LISTEN! THINK!**

Debra on her way to meet the children

### NURSERY

This week in the nursery, the theme is 'Space' and children have been sharing the story [Whatever Next!](#) by Jill Murphy. They have their own space rocket to play in and we had the grand opening of the 'Costa' coffee shop and the children have enjoyed making drinks for their teachers.

### RECEPTION

This week in Reception, we have been looking at and talking about the minibeast hunts that the children did during the half term holiday. Watch this [video](#) to learn more about bugs that you might find in the garden.

We are looking closely at the minibeasts that the children brought in to school and using non-fiction books to find out more about them. We are also talking about how they are the same and different.

### YEAR 2

Year 2 have started to read Claude on Holiday about a dog who visits the beach on holiday.

We have been describing the setting and character and giving him advice on what to take in his suitcase!

### YEAR 1

Year 1 have been enjoying the story Lila and the Rain and have been busy creating their art project.

### BRAIN GYM

The answer is **WALKING**.

Think of four questions that could have this answer.

### DID YOU KNOW?

*A sneeze travels out of your mouth at 100 mph?*
