

ADOBES!

Relationships

Caterpillars

ADOBES ARE OPEN!

You may have seen what looks like the Telebtubby house in the infant playground, these are called Adobes. They are made out of environmentally friendly, sound proof materials and made out of natural products. The Adobes are fantastic to reduce noise pollution from planes passing overhead since we are located under the Heathrow airport flight path. The infants were so excited and were present at the opening of the Adobes and were then allowed to test out the new structure.

These will be used by the infants to learn and explore the outside world. Look forward to hearing all about the learning and fun!!

RELATIONSHIPS

This week we began the new theme of Relationships. We will be looking at choosing the right ingredients for relationships and learning what makes a good relationship.

Did you know we have many important people in our lives that help us get through the day? How many can you name? Have these changed as you have grown up? What makes a good friendship?

YEAR 2 were lucky enough to have the seaside come to Wellington. They learnt about the past and they were able to dress up in clothing that people wore to the seaside in the past. They were able to sort images, design puppets and postcards.

Have you ever been to the seaside?
Where did you go?
What was your favourite part?
What did you eat, wear and do?

Nursery & Reception have been busy welcoming the caterpillars arrived into the infants this week and the children were all very excited and were extremely keen to look after them. Did you know the RSPCA help to prevent animals being hurt.

If you had a pet, how would you look after them?
We look forward to seeing all the beautiful butterflies soon.
