DATES FOR YOUR DIARY

QUIZZES & PUZZLES

Happy New Year!

What do you mean you're still sleepy? Now is not the time to be sleepy! We've got the whole of the school year ahead of us! It's a new year so let's get excited! So when you're finally refreshed and ready to go, we'll find out what's hot this year.

It's January and at this time, everyone is talking about New Year Resolutions. A New Year's Resolution is a commitment that someone makes to do something new, or change something for the positive.

What's your New Year's Resolution?

Science Dome

On Wednesday, Years 1 & 2 had a workshop - the science dome! It was great!

The children really enjoyed themselves. They experienced and explored a range of activities by getting involved inside the dome. Miss. Strange has organised some fantastic science workshops, we look forward to hearing all about them.

We hope you learn lots of new things from these websites!

XmasFactor Winners

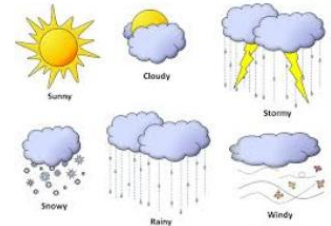

Ruby class were the proud winners of this year's Wellington Xmas Factor. The prize for children was to select playground equipment. Mrs. Norton discussed with the class what sort of things they would like and began to put down some ideas.

Watch this space to see what they have in store for the playground!

Weather Projects

Year 1 have made some amazing weather projects as their topic is Weather.

The children have really enjoyed learning about the weather conditions and how this affects what we can or cannot do.

What name would you give to a hurricane?
