

Fair trade!

Hearts!

Puzzles...

WHAT CAN YOU DO?

This week started Fairtrade Fortnight which will be from **25th February to 10th March**. It's the most important time of the year for us all to celebrate Fairtrade and what they do and making sure that we can support the workers. On Tuesday there was an assembly on Fair trade and did you know the UK buys 5 billion bananas every year! We also learnt that some of the farmers and workers were not being given their fair share of the profits and they were living in unsafe conditions.

We can all help by buying some fair trade products as some of the money will go towards making the workers lives much easier. To find more go to <http://www.fairtrade.org.uk/>

HEARTS IN YEAR 6

Our Year 6 became biologists for the morning, when they took part in a fascinating investigation, dissecting real animal hearts! This term, Year 6 have been learning all about the heart and the circulatory system, and this week, they put their knowledge to the test identifying ventricles, valves, veins and more on real hearts. Year 6 had a fantastic time learning more and getting practical. What a memorable day for the children!

YEAR 1

Year 1 have enjoyed reading Jack and the Beanstalk this week and describing the characters – Do you know the story – if not, go to the web site to find out.

<https://www.youtube.com/watch?v=VCpAYajmvo>

In nursery and reception, children enjoyed spending a session with a pirate talking about floating and sinking and pirate materials and what pirates eat and which they enjoyed!

YEAR 2

A Pirate came to visit year 2 too! and he shared his treasures and told us about his adventures. WOW, he was so brave....have you ever met a pirate?

If you want to learn more about pirates or make some pirate hats go to:
