'A BOOK IS A GIFT YOU CAN OPEN AGAIN AND AGAIN'

Yesterday we celebrated World Book Day, which first began in 1995! Obsidian class started the day with their assembly on how important it is to read. There were some fantastic costumes and everyone had fun learning about some of our favourite traditional tales and Harry Potter.

There were spells, wands, glasses, biscuits, shields and broom sticks being made!
So much fun was had by all!

On Monday and Thursday, Topaz class went to the Apple store to learn about Art and Design and Computing. The activities developed their research skills in Geography and Literacy. There was something to cater for the needs of all children.

"It was so much fun! I used an Apple pen for the first time. I haven't used one before. I enjoyed using the different apps to do research on a European country. It was one of the best trips. I am so glad we are going again!" Hibba

"I learnt how to screenshot on an IPAD and used the cropping tool. A great experience and it was my first time visiting an Apple store." Arjan

YEAR 1

This week Year 1 created a fair trade fruit cocktail and discussed where their fruit came from and how it was grown and the importance of fair trade for farmers.

Clifford the Big Red Dog came all the way from America to join in our World Book day celebrations.

Year 1 and Reception were dressed up as fairy-tale characters.

How many did you see and what did you come as?

Keep READING everyone, there are prizes for the most read books in the READATHON!

YEAR 2

Year 2 enjoyed scooter training this week where they learnt how to cross roads safely and how to brake in an emergency.

In maths they have been comparing fractions and deciding if they would rather have $\frac{1}{3}$ or a $\frac{1}{2}$ of an amount and explaining why.

Would you rather have $\frac{1}{2}$ of £60 or $\frac{1}{4}$ of £80? Why?

Puzzles !!!

How many book characters can you name?
