

Wellington Primary Topic Assessment

Parental Information

Year Group – N

Term – Autumn

Topic – Exploring Autumn

Memorable Experiences – Walks in the Nursery garden observing the signs of Autumn and making bird feeders.

In the Exploring Autumn project, your child will go on a woodland walk to learn about the seasonal changes that happen in autumn. They will learn about birds and animals that live in the woods and how they survive as the weather gets colder. They will take part in practical and creative activities that will support them to learn about autumn.

Supporting your child at home

- Go on a walk around your local area and talk about what happens to trees and plants during autumn. Take some pictures to share at school.
- Collect leaves, seeds, nuts and berries to add to an autumn collection.
- Make some bird food to feed the birds as the weather gets colder.
- Share and discuss the [Did you know?](#) resource.

Supporting your child.

Your child will receive a copy of the 'Did you know' below to aid their learning. Please take time to look through this at home with your child.
