Merit Assembly

Wellington News

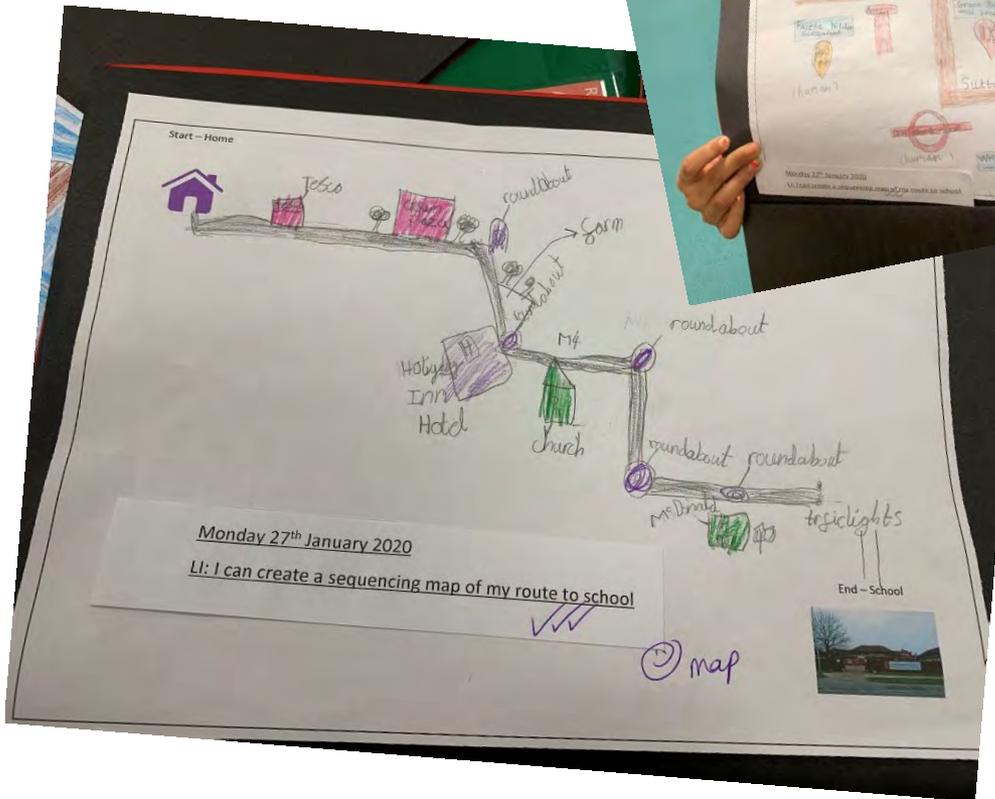

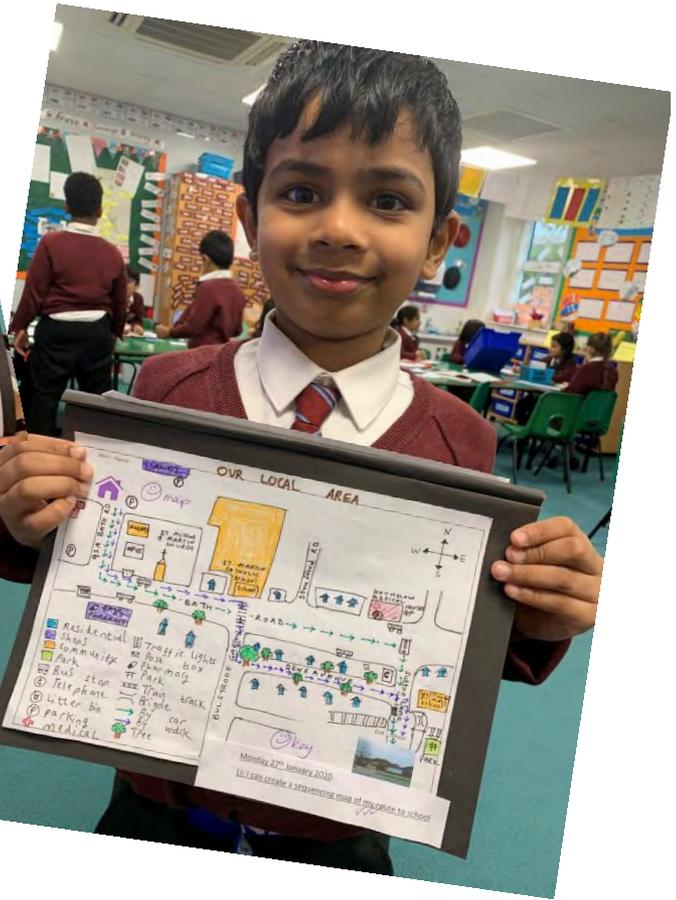

Junior Road Watch Scheme

Today, some children from the junior site are going on the Road Watch Scheme. Most of them are very excited to be able to share their knowledge with the people who are not driving safely and looking out for signals and signs, which try to keep them safe from falling into the mouth of danger. They will be given the opportunity to point out some dangerous driving if it has been done. These people have been chosen to share the knowledge that has been taught to them, with the people doing dangerous driving.

Year 2 local walk

This week, the Year 2's have gone for a local walk around our local area to see what there is. The Year 2's, whilst they took the walk, had identified many amazing things that have caught their eye. Many Year 2's enjoyed the walk, as they got to see lots of varieties of objects, like seeing zebra crossings and watching how people do during their day-to-day life.

Year 2 Local area study.

Local news

British carbon tax leads to 93% drop in coal-fired electricity

A tax on the releases of carbon dioxide lead to the drop of electricity generated from coal by 93%. Electricity powered by coal can cause people to become severely ill, but due to the drop in this type of electricity, it is safer for everybody. This rejection of using coal-fired electricity has increased considerably. Students from universities how the tax affected electricity flows to connected countries and interconnector (the large cable connecting the countries.)

New hotel up the road from the school

Check out the new ibis styles hotel that is just down the road from the school that is being opened on Great West Road. A new hotel in Hounslow which is a short drive away from Heathrow Airport has officially opened. Ibis Styles London Heathrow East, located on the former site of The Master Robert hotel on Great West Road (A4), opened its doors at the end of December. The 125-room hotel is sure to be a hit with passengers at Heathrow due to it being a 12-minute drive from Terminals 2 and 3 and close to Hounslow East, Central and West Tube station.

Wellington Amaryllis Competition

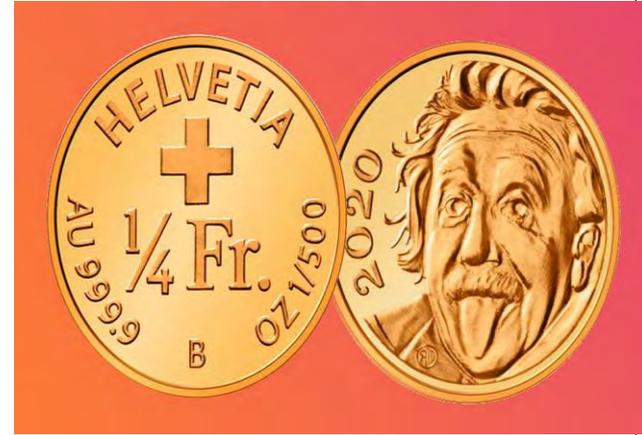

A few weeks ago, every class had been given an amaryllis. An amaryllis is a type of plant, which can then become a flower, if you look after it properly. The challenge is to grow your amaryllis and take good care of it. The competition is between all the junior classes. Every week, in merit assembly, all the amaryllises will be measured to see who might be winning and how the other amaryllises from other classes are growing. The winner will be based on which plant out of all of them is the tallest and most beautiful. The winning class will be announced in March. Good luck and get planting!

World News

World's Smallest Coin

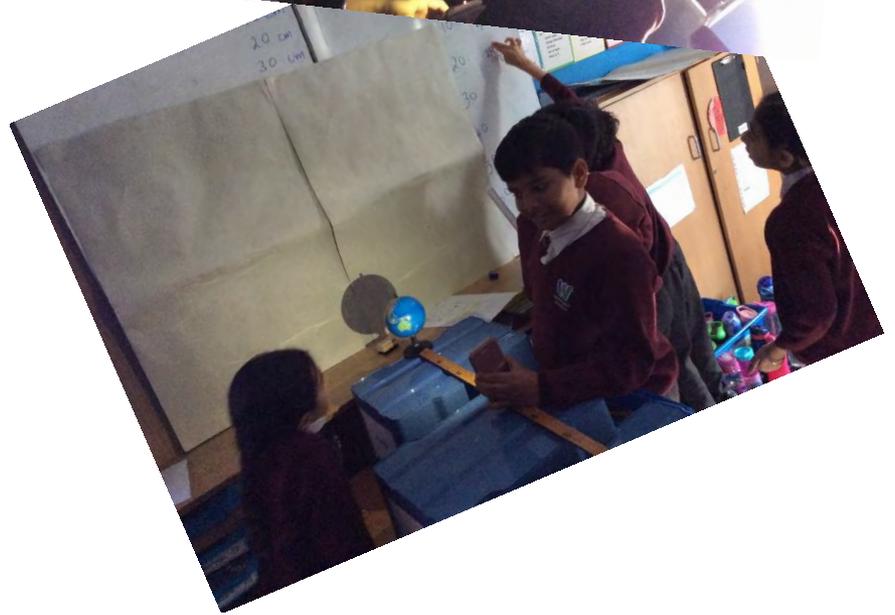

Swissmint has just released the smallest gold coin in the world! This was made in Switzerland and has a picture of Albert Einstein, a famous scientist - who is sticking his tongue out! It is just 2.96 millimeters in length and weighs just 0.063 grams! In fact, there are only 999 of these in the world, and the people who are lucky enough to get their hands on one will be given a special magnifying glass so they can see the small details of the coin, and Swissmint has said that it will be sold for 199 francs, a type of French currency.

A man uses hot coffee to rescue three kittens

A Canadian oil worker, Kendall Diswisch, is being praised for using his leftover coffee to rescue three kittens whose tails were trapped in the ice. At first, when he noticed that something was stuck in the ice, he thought that it was a piece of rubbish, however after closer inspection he realised that they were suffering kittens. So, he fetched his cup of coffee from his truck to melt the ice around the kittens. After they were free, Kendall was able to take them home. In hopes of finding a family for the kittens, he posted images and videos of the rescue mission. When he took them in his house, he fed and watered them, so they look good and healthy.

Year 3 science experiment with light and shadows.

Thinking Hats and Skills

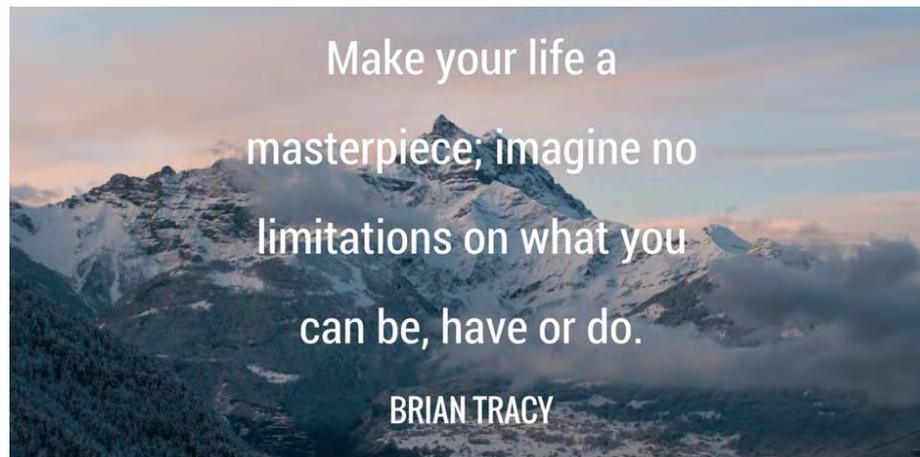

These are the thinking hats. They help you analyse your work and make improvements. They help us focus on our thinking, and make us think deeper, so we have a better understanding of the task that we are carrying out, as well as what we are good at and what aspects of our learning needs some improvements. Thinking hats help us to decide on what steps we need to take in the future, to improve and become better. The white hat is about information and facts. Red hat is about what emotions and feelings you have when you are doing your work, about it and many more. Yellow hat is about what you are proud of doing in your work, and black hat is about what improvements you can make next time. The green hat is about your creativity and uniqueness. Finally, the blue hat is about organisation and planning

Growth-Mindset Quote of the Week:

Make your life a masterpiece; imagine no limitations on what you can be, have or do.

- Brian Tracy

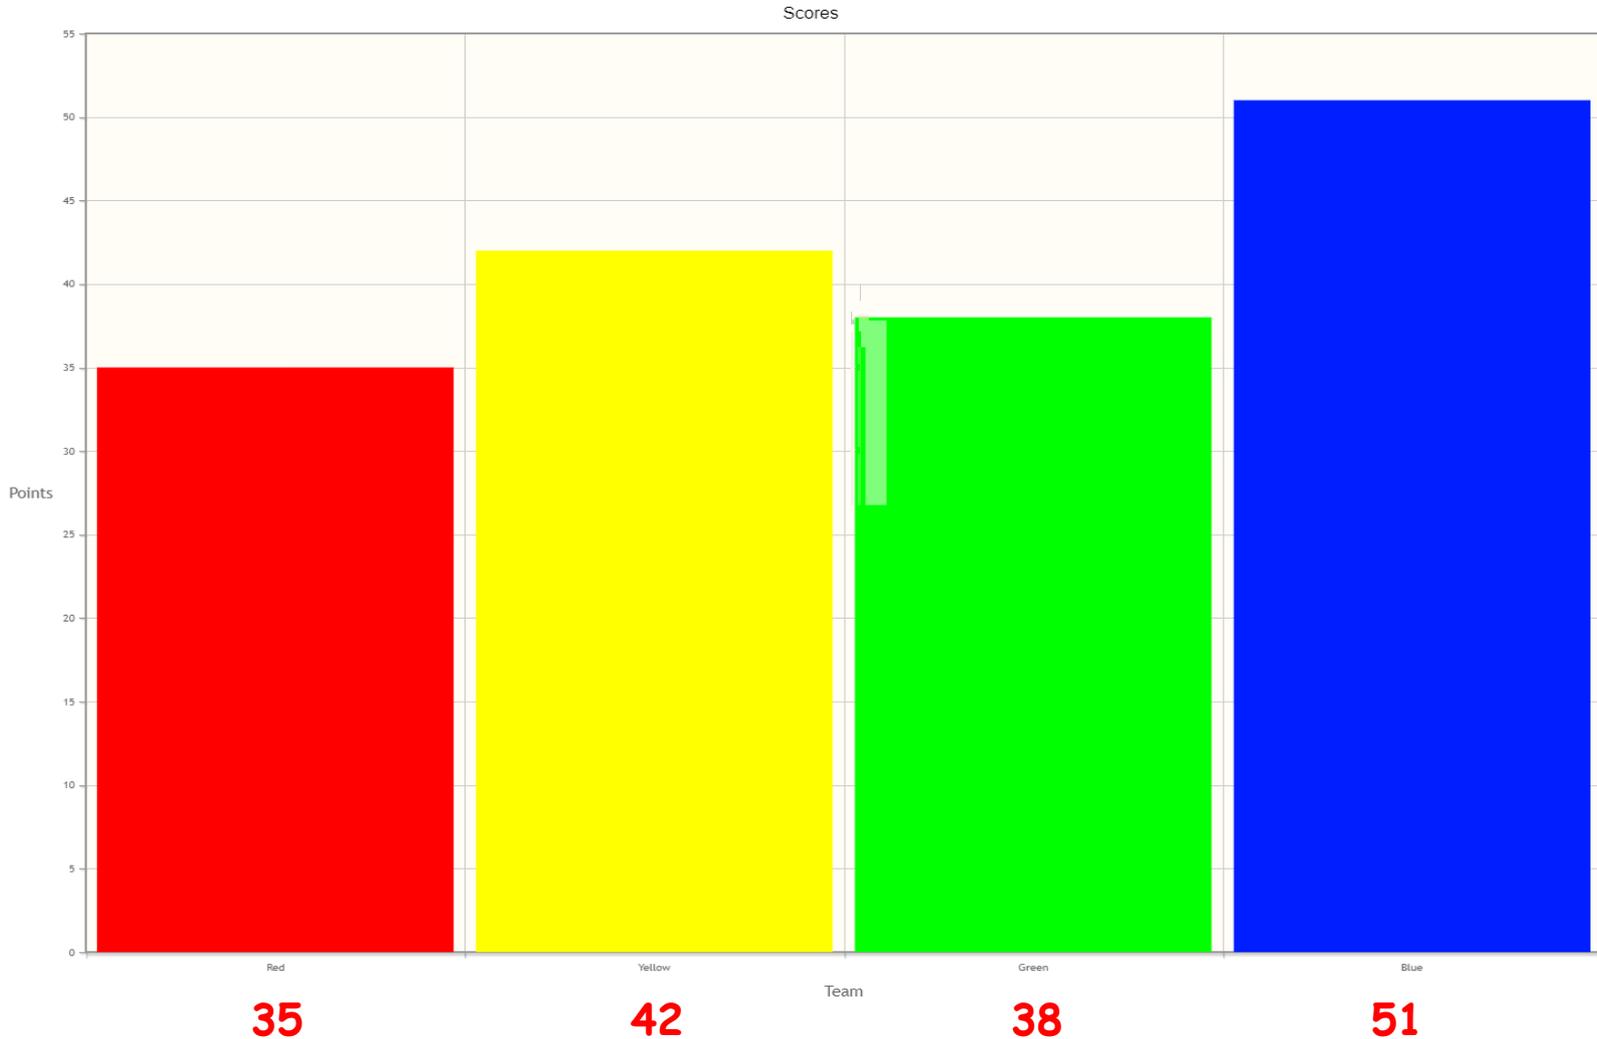

Remember to take great care crossing the roads when moving between and around the schools.

Always use the crossing points and look left and right for any cars for safety.

Year 2 on a local walk.

Team Points

This week with 51 points, in first position, we have Blue. Catching up, we have Yellow with 42, and next is Green with 38 points. In last place it is Red with 35 points. Try harder next time for your team to get more points! Work hard and get those points on the chart neatly!

Merits:

Merits are a great reward and to get one your work should be **AMAZING** to receive a merit.

Three Merits = One white Badge

Three White Badges = One Team Badge

Three Team Badges = One Gold Badge

Remember

- Don't forget to use bug club and Purple Mash. Purple Mash will help you with your new topics in your learning and bug club will help you with your reading.
- Make sure you read about 15 minutes a day at home with a parent.
- Do not forget to do your homework and bring it in on the date that it is due in. Always do your homework in the best standards.
- Always try to have good behaviour; it will help you to get a stamp on your loyalty card.
- Make sure you practice Times Tables Rock Stars. Try and become a Rock Hero by the end of the year!
- Also complete your spelling booklets because they can help you learn new words along with words you know with different meanings.
- Pay attention in class. Use the content domains to boost yourself in English and times tables in Math to reach huge numbers like 10,000.
- If you need help with Maths then use MyMaths which can help you in your Mathematics tests.
