

World War II

Year 6 Research Project

Design a Bomb Shelter

This involves you designing and making up your own 'Anderson Shelter'.

You will need to research what one of these is!

<https://www.youtube.com/watch?v=rHyxP3epU-w>

You will need to ensure the shelter is strong, waterproof and would be able to accommodate 4 people (maximum height 10cm tall).

Please include an information sheet about your shelter.

Please do not copy and paste from the internet to write this.

Take your research from more than one website.
