The week at Wellington!

Parents' Evening

Thank you to all the parents that attended our parent evenings this week. We hope the meetings were helpful and the summary report gave you an opportunity to discuss next steps with the teacher.

World Book Day

Thank you for sending your child to school in a costume this week. They looked fabulous and we all had a great day. If you haven't been to the book fair, then today is your last chance.

Junior Book Swap Shop

Junior pupils can bring in a book they have finished reading and swap their book for another one. We are filling up the book shelves, so I am sure there will be lots of books to choose from soon. The Book Swap is in the upper corridor outside Mrs. Gleeson's office.

Red Nose Day 2019 - Friday 15th March

The school council are organising this charity day next week. The children can wear something 'red' (and a red nose if they wish) and donate £1 for the charity.

Secondary Schools

This year our year 6 pupils have been offered places in 21 different schools. The children have been pleased with the places they have been offered.

There will be transition days organised in the summer term for them to spend a day in their new schools. The Hounslow schools hold their transition day on the 2nd July. We often do our internal transition day so that the children can meet their new teacher on the first Tuesday in July too.

Please speak to the year 6 team if you or your child has any questions about transition. We will be doing all we can in the summer term to ensure the children are confident and secure with the transition. We look forward to seeing you at the year 6 events as they enjoy their last few months with us.

100% Attendance

There are many children with 100% attendance from September to March. Please remember that there is a raffle for 100% attendance to win the star prize this year, an iPad mini or tablet.

We have just completed a two-week attendance focus in the infant school. The children have been very motivated to come to school every day and are looking forward to bringing home a certificate and an attendance bug if they achieved their target.

Please help your child to attend school every day.

Lost Scooter

A pink and black girls scooter has gone missing from the infants. Please return to infants if you recognise it.

Question of the week

If you create your own wand what would it be made of and what would it be able to do?

Send your answers to Mrs Gleeson and try to use thinking maps and hats.

Dates for your diary

11 th & 14 th March	Y3 Sapphire Class Apple Trip to Westfield
15 th March	Red Nose Day
13 th March	Nursery – Drama Workshop
28 th March	Y3 Volcanoes workshop
