NASA unmanned rocket reaches Mars

This Monday, NASA's InSight landed on the red surface of Mars. At 15:00, it landed after a 7 month journey. The team on Earth were frightened, awaiting the craft to open its solar panels. It was very joyful when the craft was faultless. This was the first time when an unmanned craft has reached mars without being controlled from below. This has made history.

Scientists puzzled by mysterious earthquake

Scientists around the world are puzzled by a mysterious earthquake which occurred yesterday at Mayotte because they don't know the cause. It is unclear whether it was caused by volcanic activity or a meteor strike, but it was felt by seismometers across the world, from New Zealand to Canada - and even in Hawaii. Goran Ekstrom, a seismologist at Columbia University, told National Geographic: "I don't think I've seen anything like it." Geologists shared their discovery of the surprisingly low frequency activity on Twitter, with Jamie Gurney, the founder of the UK Earthquake Bulletin, among the first to note the event.

Year 6 Height and Weight check

On Wednesday, Year 6 had their height and weight check done by the NHS (National Health Service). This was to check whether they are a suitable height and weight for their age. They didn't tell us our weight but are going to send a letter to the parents. Danielle, from Ruby Class said that she enjoyed it, even though it was quick.

Obsidian Class assembly

This Thursday, Mr Norman's class performed their assembly about democracy. They included lots of information and spoke clearly and loudly. They learnt their lines off by heart, too. They included some facts that we didn't know before, as well. As well as this, they included some roleplay at the start and middle. In addition, they used instruments and sang a song about peace.

Growth-Mindset quote of the week:

Failure is so important. We speak about success all the time. But it is the ability to resist or use failure that often leads to greater success.

- Jk Rowling

Question of the Week

If you could visit a planet,
which planet would you
visit and why?

Send your answers to Mr.
Berryman and try to use
thinking maps and hats.

Team points

Red is 1st with 25 points and green is 2nd with 24. Following behind are yellow with 23 and last are blue with 18.

Remember to take great
care crossing the roads
when moving between and
around the schools.
Always use the crossing
points.

Remember

- Don't forget to use bug club and Purple Mash. Purple Mash will help you with your new Topic and bug club will help you with your reading.
- Make sure you read about 5 minutes a day at home with a parent.
- Do not forget to do your homework and bring it in on the date it is due in.
